PETITION OF TENNESSEE WASTEWATER
SYSTEMS, INC. TO AMEND ITS
CERTIFICATE OF CONVENIENCE
AND NECESSITY

Docket No. 04-00045

LATE - FILED EXHIBIT 1

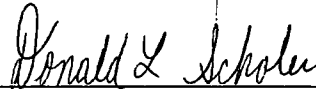

During the hearing in this consolidated matter, Tennessee Wastewater Systems, Inc. (the Company) stated that it would provide the Hearing Officer with a list and description of the developments with whom the Company has initiated discussions about providing sewer service within the scope of the area sought in this consolidated matter. The Company understands that the Hearing Officer will issue an order granting the Company a certificate of public convenience and necessity to serve these developments.

The Company has had discussions with eight developers. One of the developments, Legacy Homes Barnes Site, could no longer wait for a final decision on the pending petitions and made a decision to use individual septic tank and leach field systems for the development. Therefore, the seven pending projects in Sevier County which have had discussions with the Company providing sewer service are as follows;

<u>Development Name</u>	<u>Acreage</u>	<u>Number of Lots</u>	<u>Planning Area</u>
Black Bear Ridge Expansion	~20	20	Pigeon Forge
Legacy Laurel Branch	~30	45	Pigeon Forge
Legacy Mountain	350+	400+	Sevier County
Legacy The Preserve	100+	65	Pigeon Forge
Starr Crest II Phase 4	11	17	Pigeon Forge
Timber Tops Rental Center	4	Commercial	Pigeon Forge
Trailhead	17	80	Sevier County

Dated this 16th day of July, 2004.

Respectfully submitted,

DONALD L. SCHOLES, # 10102
